
Making America

teachers' guide history b (schools history project) - the making of america unit is a fascinating way to study the construction of american identity and the battles over what this was to mean. the period study approach allows students to develop a sense of the unfolding narrative of american history and to see how big issues such as race relations play out over time. the **making in america: u.s. manufacturing entrepreneurship and** - making in america: u.s. manufacturing entrepreneurship and innovation innovation is central to continued american opportunity and prosperity - raising our standard of living and launching new industries. american manufacturing, which contributes the vast majority of u.s. private sector research and development, is central **making it in america: revitalizing us manufacturing** - making it in america in the past two decades, output growth in us manufacturing has been concentrated in only a few industries, including pharmaceuticals, electronics, and aerospace. most other manufacturing industries have experienced slower growth or real declines in value added. while small and midsize us **making america work - aafny - nhpi** communities throughout the country are making real contributions through their work and business ownership. however, not all asian americans and nhpi are able to reap the rewards. making america work: asian americans, native hawaiians and pacific islanders in the workforce and business, 2014 provides a better understanding of the role asian **making america 1920 again? nativism and us immigration ...** - then, to the unanswered question within "make america great again": trump's america is looking more and more like the america of 1920. in 1920, immigrants made up 13.2 percent of the population — making the demographic landscape analogous to today, when the foreign-born make up 13.5 percent of all americans. **'big food' is making america sick** - "big food" is making america sick 481 smoking—bansanyrelationshipwith,orfundingby,thetobaccoindus-try. but the food industry has largely escaped public notice and censure for its insidious influence, with policymakers routinely cozying up with executives and front groups. yet big food is far more powerful and better resourced than tobacco. **making it in america: revitalizing us manufacturing** - in brief making it in america in the past two decades, output growth in us manufacturing has been concentrated in only a few industries, including pharmaceuticals, electronics, and aerospace. **a budget blueprint to make america great again** - a budget that puts america first must make the safety of our people its number one priority— ... making sure that taxpayer dollars are expended for the highest return projects and that all levels
